PARTY IN HONOR OF MISS WORDEN

Mrs. J. G. Borge entertained in honor of Miss Lynn Worden at her home on Wednesday evening, September fifth, thirty ladies being present.

Nasturtium vines gracefully decorated the arch between living room and dining room, while bowls of marigolds and poppies were festive on the card tables.

Progressive whist formed the amusement, the first prize going to Mrs. L. C. Patenaude. Miss Worden gaily accepted the consolation.

Delicious home made bon-bons preceded the collation of dainty refreshments, which consisted of sandwiches and coffee, raspberry gelatine ice and cake.

The hostess was assisted in receiving and serving by Mrs. C. H. Borch, Mrs. I. C. Borge and Miss Gerda Gregerson.

Wanberg-Johnson

MARRIED. In Wrangell, Alaska, on Monday, September 3, 1917, Joakim Wanberg and Jessie Johnson, both of Petersburg, Alaska, U. S. Commissioner C. E. Weber officiating.

The wedding party arrived in Wrangell Monday forenoon and departed in the afternoon. In the party were: J. Wanberg, Ole Sjorsen, J. Johnson, Misses Jessie and Florence Johnson.

This is the second Petersburg couple that has been married in Wrangell within the last 30 days.

Peter Hamlin of Telegraph Creek arrived in Wrangell from the south on the Prince George this morning.

London, Sept. 5.—German submarine bombarded Scarborough last night killing three and injuring five.

Washington, Sept. 5.—Wilson in a letter to Congressman Adamson said he hoped the soldiers and sailors would have \$10,000 government insurance instead of the proposed \$5,000.

Seattle, Sept. 5.—A great parade was held last night in honor of the selective draft men who are departing today for the mobilization camp at American lake. Roosevelt sent a letter of greetings.

Chicago, Sept. 5.—Mayor Thompson narrowly escaped being mobbed by soldiers this morning. Political banners were torn from his automobile and other machines in which the party were departing for Kankakee Fair. The provost guard stopped the soldiers.

San Francisco, Sept. 5.—The Federal Circuit Court of Appeals denied the appeal of receiver Noyes of the Washington Alaska bank of Fairbanks for \$186,767.11 exemptory and compensatory damages as a result of the alleged illegal combination Washington Alaska, First National and Fairbanks Banking company.

Seattle, Sept. 5.—Acting simultaneously with federal agents throughout the United States, deputy sheriffs led squads of police in raids on I. W. W. headquarters. All organization property was seized here today at noon. This is part of a concerted nationwide drive to put a stop to pro-German activities of the Industrial Workers of the World.

RED CROSS BALL

The Labor Day ball given by the Red Cross at the Rink Monday night was a huge success. Everyone enjoyed the affair and \$61.00 was realized for a worthy cause. Delicious punch was served. The ladies of the Wrangell chapter are surely untiring in their efforts to keep up the good work.

Mrs. A. B. Elmer left on the Princess Alice Friday evening for her home in Portland. She spent the summer in Southeastern Alaska dividing the time between Santa Ana and Wrangell. Mrs. Elmer is a friend of Miss Woods.

Miss Florence Quast arrived from Marysville, Wash., on the City of Seattle Monday. Miss Quast is one of the teachers for the Wrangell school and will share the high school work with Miss Carhart, the principal.

Mrs. G. V. Zinkan, wife of the Canadian Collector of Customs at Skagway, visited with Rev. J. S. Clark and family while the Prince George was in port Sunday.

The Civic Improvement Club will give a reception for the teachers of the Wrangell Public School at the gymnasium Friday evening, September 7, at 8 o'clock. There will be a short program in connection with the event.

J. B. Harrington came in from Shakan the first of the week, and will be in Wrangell for a while. Mr. Harrington says that the people of Shakan look forward with eagerness to the coming of the Sentinel each week.

Dr. Edward Schenck, of the Schenck-McDonald Logging Co., and Attorney C. E. Murray, were arrivals from South Bend, Wash., the first of the week. They left for Juneau on the City of Seattle Monday in company with Gordon McDonald.

R. G. Wayland, superintendent of the Treadwell mine, arrived Monday night from a ten day's trip up the Iskut to a mining property owned by local parties. Mr. Wayland was accompanied on his trip by Alex Vearette.

Ole Johnson has been behind the counter at the St. Michael Trading Company, since Hon. P. C. McCormack left for Seattle.

Louis Wolf of Petersburg was in Wrangell the first of the week.

G. S. Chapin, superintendent of the cannery at Karheen was in Wrangell Friday and Saturday.

Rev. H. P. Corser is this week making the round trip to Telegraph Creek on the Hazel B III.

The M & M dentists, who have been having a few weeks outing in the North, left on the Spokane for their home in Seattle.

Chas. Roos, who went up the Iskut with the Wayland party two weeks ago, returned Saturday.

M. Katzenmeyer has been suffering the past week with an inflamed eye caused by the glare while welding.

Business Disposition.
"No woman can understand a man has such a hard time at home. Her husband is a garbage man."
"What has that to do with it?"
"Can't you understand he is always in the dumps?"—Baltimore American.

SCHOOL OPENED LAST TUESDAY

School opened Tuesday morning with bright prospects for a year of exceptionally good work. A fourth teacher has been added to the faculty. Many improvements have been made in the school rooms in order to accommodate the pupils and make the work more efficient. The whole school building has been cleaned from top to bottom and everything was spick and span for the opening of school.

The total enrollment on opening day was 74.

Misses Helen Sullivan of Boise, Idaho; Mary Maloney of Nampa, Idaho and Nellie G. Orr of Boise, Idaho arrived on the Admiral Watson last night. They will leave this evening on the Uncle Dan for Klawack where they will teach the coming school term.

New Yorker Comments

Quincy Ward Boese of New York city was aboard the Princess Alice Friday evening. He is counsel for several of the largest banking interests in America.

The vessel was in port long enough to give Mr. Boese an opportunity to walk around town for an hour, and also to visit the local bank. He expressed himself as surprised at the amount of business done here. He was amazed at the growth of flowers and vegetables. "Wrangell," said Mr. Boese, "with its dense and rank growth of vegetation is like what one would expect in the tropics than in the far north. And with all this fine garden truck your people are surely making a dent in the high cost of living. There are few towns the size of Wrangell with such a variety of resources, and doing the same amount of business. I believe that Wrangell is destined to make a black dot on the map with a circle around it." Mr. Boese is a widely travelled man spending much of his time in foreign countries.

NOT AN APOLOGY

Any errors of omission or commission in this week's issue are to be charged against the devil. The boss left the first of the week on the Hazel B III for a trip up the Stikine. We don't mind his going, but we hope that this time it will not go to his head like his trip to La Conte glacier, and cause another one of those long write-ups filled with romance and poetry.

Daily Motion of the Earth.
Astronomers are not agreed as to the cause of the earth's daily motion and how the force of that motion is kept up. Some of them claim that the "original initial centrifugal force" was directed in a line slightly to one side of the center of the globe, which would, of course, cause the earth to rotate upon its axis, and by the law of inertia of matter must continue to revolve at a uniform rate of speed. This "law of the inertia of matter" is to the effect that matter once set in motion must continue to move until arrested by some outside force. Others claim that the motion is a "compound resultant of the motion of the earth in its orbit and the attraction of the sun."

Lava.
Lava may be blown into opaque bottles of gossamer lightness, and the harder sort makes a beautiful green glass of half the weight and double the strength of ordinary glass. But it is not always the same. Every volcano pours out its own special brand of molten mixture disagreeable to walk on, but sometimes yielding valuable products, as pumice stone. Lava, like all things, decomposes under the touch of time, as the fertile plains of Sicily testify.

OF LOCAL INTEREST

A most delightful social event was the whist party given at the gymnasium last Thursday afternoon. The hostesses were Mesdames Pennycook and Burnet. The gymnasium had been beautifully decorated for the occasion with elder berries and evergreens playing an important part in the decorative scheme. There were five tables and whist was played with keenest interest. Mrs. P. C. McCormack won first prize. The consolation prize was awarded to Miss Katherine Bronson. Refreshments were served. Red shaded candles added to the beauty of the occasion.

Capt. Knig Johansen took a gay party of young people to Petersburg on the Karen Sunday. Among those in the party were: Misses Florence Billion, Irene Coulter, May Goodrich, Hattie Anderson, Florence Prescott, Cora Haskins, Marie McKinney, Edith Peck, Mr. and Mrs. Levering, Mrs. Patenaude, Adolph Engstrom, Elton Engstrom, Alfred Royalty, Harry Atchison, C. L. La Blanc.

The Wrangell Fire Department was called out Monday night on account of a fire under the boiler in the cold storage plant of the Columbia & Northern Fishing and Packing company. A steady stream of water from two fire hydrants was required to extinguish the flames. However the damage was only slight.

Miss Wishard and Miss Carol Caskey who have been visiting in Skagway for several months, were southbound passengers on the Princess Alice Friday evening en route to Pasadena, Cal. Miss Caskey spent a week in Wrangell in March.

W. H. Warren, vice president of the Bank of Alaska, accompanied by Mrs. Warren, made a trip to Prince Rupert on the Princess Alice, returning to Wrangell the first of the week.

While working at the saw mill Saturday Ned Lemieux was struck in the mouth by a piece of waste timber picked up by the saw. His lips were severely cut rendering him incapable of occlusion for the present.

L. R. Ellison, president and treasurer of the Union Bay Fisheries, was in town from Union Bay Tuesday.

Miss Edith Hall, who has been spending the summer at Burnet Inlet with her father, Supt. Hall, came into Wrangell on the Etolin yesterday and took passage south on the Admiral Watson last night.

Miss Georgia Cook, who has been outside for the past two years, arrived on the Princess Sophia Tuesday.

Archie Wilson arrived from the south on the Princess Sophia. He left for Telegraph Creek on the Hazel B III Tuesday afternoon.

Miss Aggie Foster arrived from Victoria on the Princess Sophia Tuesday. She left Tuesday afternoon for her home at Telegraph Creek.

The Olive Tree.
The olive tree is more closely associated with the history and civilization of man than any other. It is the earliest mentioned by name when the waters of the flood began to retire (Genesis viii, 11). It is the most prominent tree in the earliest allegory (Judges ix, 8, 9). With David it is the emblem of prosperity and the living blessing (Psalm lii, 8; cxviii, 8).

MISS BREECE TRANSFERRED TO DOUGLAS

The U. S. Bureau of Education is making what may be called a triangular change of teachers in the Indian schools of Wrangell, Douglas and Juneau.

Under this arrangement Mrs. Edmunson, who has been stationed at Juneau will teach the Wrangell school for the coming year and Miss Breece, who has been stationed at Wrangell for the past two years, will go to Douglas at a higher salary.

Miss Breece, who has been eminently successful here in industrial and field work, has brought the local attendance at the U. S. Government Indian school to a high average, will be greatly missed by the natives of Wrangell, whose interest in the education of their children has been greatly quickened by her efforts, and we congratulate the community of Douglas upon securing such a faithful and untiring worker.

The local chapter of the American Red Cross will also regret her transfer, as she has been most useful as chairman of the Publicity committee, and has spared no effort to advance the cause.

The best wishes of this community will follow Miss Breece.

Miss Waters Entertains

Little Glenora Waters made her social debut Tuesday afternoon when she entertained a number of her little friends in honor of her first birthday. The large birthday cake with a single candle a light upon it formed an attractive feature and the tiny hostess gave her assistance in the cutting of it most ably. A photo of the babies was taken and refreshments were served. The tiny tots present were Anita Wheeler, Louise Dahl, Beatrice Palmer, Eunice Mitchell, and Anne Elizabeth Matheson. Other guests were Mesdames Uhler, Schott, Palmer, Matheson, Wheeler, Johnson and Mitchell, Miss Marguerite Uhler, Dorothy and Marjorie Johnson, Carl Palmer, James and Raymond Wheeler, Catherine and Glen Matheson, Margaret McCormack, James Waters, and Jennie Ronning.

Frank S. Barnes and family and Miss Agnes McLauchland are in Wrangell this week. Mr. Barnes is superintendent of the cannery at Lake Bay.

Capt. Knig Johansen left Tuesday with the Irene Barnes bound for the Columbia River. He will return to Wrangell at once.

Miss Lorena Wigg left Friday evening on the Princess Alice for Seattle where she will remain for some time.

Wm Sorenberger was a passenger to Seattle on the Dolphin.

The fire department was called out Friday by a fire on the roof of the Wrangell restaurant. Very little damage was done.

Mrs. T. Birkland of Sitka is a guest of her sister, Mrs. Sam Knutsen.

L. J. McDonald left this week on the Admiral Evans for Cordova. Petersburg report.

Pearls.
The ancient Romans dubbed pearls "round, white bones" out of a shell fish. In some countries they are called "oyster eggs," and the pearl has potentially been termed "a flake of imperishable snow."

A PUBLIC SERVICE

C. E. Weber, in volunteering to act as registrar for the government, performed a patriotic and valuable service.

Mr. Weber has kept his office open by appointment on Sundays, has made trips to canneries, and done everything in his power to get a complete list of all persons subject to draft for military service. The long list of questions that had to be answered by each registrant rendered the work tedious, and in the case of foreigners having only a limited knowledge of the English language the work required much patience. In a number of cases it was necessary to get an interpreter in order to register a man properly.

Everyone knows that there is no one in Wrangell who could have filled the position of registration officer more efficiently than Mr. Weber. This work required two months and did not cost the government a penny. Mr. Weber is to be commended for his patriotic service.

"HOGGING" THE ROAD FUNDS

The Empire, defending the Juneau scheme to squander divisional road funds in dredging a ditch through the bar in Gastineau channel says:

"The action of the road commissioners is through authority of law. The Alaska legislature authorized the commissioners to expend money on improved waterways should they decide that such would be of more use to the people than road building."

The Empire might also explain that the "waterway" project was put into the law on demand of Juneau interests, and for the sole purpose of permitting the spending of road money on Juneau's particular waterway improvement.

And it might be further elucidated that the decision of the road commission that such waterway improvement "would be of more use to the people than road building" should be interpreted to mean that the commissioners find it more feasible to dredge a ditch through the shallows of Gastineau channel than it would be to construct a dusty highway therein.

This conclusion is forced by the fact that Juneau is the only town in the division receiving, so far, any consideration whatever from the divisional road commission, the members of which are all residents of Juneau and near-by camps.

This proposed "waterway" is to cost \$15,000, and the balance of the appropriation of \$50,000 available this year for road work throughout the First division is being expended by the commission as rapidly as possible on road projects wanted by Juneau, and on such projects only.

Furthermore, unless other towns of the division awaken to their interests, the \$50,000 of the territorial road money to be available for next year's work will be likewise hogged by Juneau.—Petersburg Report.

Halibut Boat Damaged

Erick Ness' halibut boat Lopera sustained considerable damage at 11 o'clock Monday night, while about half way between Portage bay and Cape Bendel, when the gasboat Eunice smashed into her near center. The hull was cut open from gunwall to water-line. The disabled boat was towed to this port by the Eunice, and will be out of commission until repairs can be made.—Petersburg Report.

Ladies' visiting cards neatly printed at the Wrangell Sentinel.

Although an integral part of the one system, each branch has had assigned to it the full amount of Capital required by the Territorial Banking Board for the establishment of a Bank in such a location. Each branch is therefore equipped to serve its customers as fully as any independent bank, but with the added strength and resources of the entire institution to draw upon. Furthermore each is responsible to the Territorial Banking Board, is examined and supervised independently and renders its statement direct to the Board. The Bank of Alaska is therefore, because of its double supervision and safeguards, peculiarly "An Institution of Strength and Character."

IVAN J. ANDRIANOFF

Pioneer Old Sport to Be Admitted to the Home at Sitka.

Ivan J. Andrianoff, aged 83, has made application to the governor for a pioneer's pension. Andrianoff is one of the noted characters of the Kuskokwim. He is 83 years old, and came to that country when a very young man as an officer under the Russian regime. Later he became a trader, and assumed and maintained almost sovereign sway over the natives of that vast region. Many interesting stories are told of him, not the least interesting of which are those connected with his matrimonial affairs. He is said to have had fifteen wives and has scores of descendants. In his old age he is dependent upon these, and it is with a view of making him independent of them that interested persons are pressing a pension claim for him.

A Costly Light.

"Miss Gadder has a wonderful pair of eyes."
"Well, what if she has?"
"But, my dear fellow, don't you admire beautiful eyes?"
"Oh, yes; but when I have an idea that they never light up except when they rest on some expensive object I prefer to do my admiring at a safe distance."—Birmingham Age-Herald.

Ended the Kicking.

A traveler at a small hotel in a backward seacoast town of New England complained to the clerk of the inn concerning the food, the beds, the rooms—in fact, there was nothing in the house that pleased him. When he finished the old, long bearded proprietor of the place drawled:

"Young man, did any one ask you to come here?"

"No, I don't know that any one really did."

"Well, did any one ask you to stay here after you came?"

"No, I don't know that they did."

"Well, they won't!"—Manufacturers' Record.

RED + CROSS NOTES

AMERICAN RED CROSS WASHINGTON, D. C.

August, 26, 1917.

The American Red Cross with its three million members has just completed plans for the Christmas Cheer of every soldier and sailor in the National Service. Many of the men who will be in the cantonments and trenches this year will be spending their first Christmas away from home. None will be forgotten.

Red Cross Chapters nearest the 32 Army camps and cantonments will probably arrange in their towns, community Christmas trees with carols, pageants and holiday movies to which the 600,000 men in training will be invited.

Arrangements of the details of the Christmas celebration for our men in France is being made, but the Red Cross will see to it that every soldier has his Christmas package with its message of good-will from the women on the home side of the Atlantic. There will be surprises in every package, but all of them are likely to contain writing paper, pipes, tobacco, cigars and cigarettes, unbreakable mirrors, puzzles, dominoes, handkerchiefs and playing cards.

Many of the Chapters are already at work finishing their Christmas allotments of comfort bags. Most of them are made of khaki and are furnished with extra pairs of woolen socks, housewives with needles, pins, thread and buttons. Detailed suggestions of how to wrap these Christmas packages for shipping will be issued by the Red Cross. The Red Cross will also welcome the cooperation of anyone desiring to have a part in sending Christmas cheer to the men in training or at the front. Some people will want to give money to buy articles, bags, mouth organs, envelopes and paper, safety razors, extra soap, spoons and knives. Some will

A Real Gold Brick

The Bank of Anchorage is exhibiting a gold brick weighing 133.36 ounces and containing \$2600 worth of pure gold, which was brought in by William Martin and credited to him. The brick is about two by four by one inch, and is a sample of the metal being taken from the Martin mine in the Willow creek district. The brick will be sent to the mint direct by the bank.

want to have a personal part in tying up the packages. Children will be asked to help with the package making.

The gifts will be bought from contributions especially given for the Christmas greeting. The Red Cross War Fund will not be used for this purpose.

Last year the American Red Cross sent presents of various kinds to the men on the Mexican border, and the marines at Haiti and San Domingo. The articles were suggested by General Pershing on the request of Red Cross officials. Commenting on the Red Cross Christmas gifts to the soldiers, he said, "These things bring the soldier to remember that the people at home are behind him. You do not know how much that is going to mean to us who are abroad. You do not know how much that means to any soldier who is over here carrying the flag for his country."

NATIVE GIRL IN HOSPITAL

Accident While Working in Cannery Causes Loss of Thumb and Finger

Sarah Lott had her hand badly mangled at the Lake Bay cannery Monday. She was brought to the Wrangell Hospital where it was necessary to amputate the index finger and thumb of the right hand. Several of the bones in the wrist were removed also.

The mill tug Alaska with the barge Ruby returned from a two weeks' trip to Hawk Inlet, Funtar Bay and Cape Edwards, where they made deliveries of box shooks. The Alaska left Tuesday night to bring in a boom of logs from A. W. Willard's camp at Totem Bay.

The steamer Admiral Watson made a special trip into this port to take on 6,000 cases of salmon from the Alaska Sanitary Packing company's cannery.

Voice of the Tiger.
The tiger may be "shod with silence," but he has a voice that is terrifying. It is said the voice of the tiger, a wonderful thing in its way, is not only the most mournful, but the most terrifying of jungle sounds, and that it is a powerful aid to him in his hunting. The natives believe the deer, hearing the tiger's voice and unable from the reverberating nature of the sound to locate the position of the enemy, stands still and so gives him the chance of stalking them. Sportsmen hold there is probably some truth in this, for unless one is following the tiger and has seen him it almost is impossible from the sound alone to tell with any certainty where he is.

Polo is Ancient.
Polo was played from the backs of horses in Persia during the tenth and eleventh centuries. At that time the Persians in a great contest, Iran versus Turan, found their match in the Turks, greatly to the disgust of King Afrasiab. The Byzantine poet Nizami sang of polo in the twelfth century. Then polo spread from Persia into central Asia, India and Tibet in the sixteenth century, when the great Emperor Akbar patronized it. In Japan the game is at least 1,000 years old and is still popular under the name of da-kin.

Test of Will Power.
The supreme test of will power is to be roused out of bed at 3 o'clock in the morning by the telephone bell only to be informed that it is the wrong number and then refrain from cursing.—Florida Times-Union.
